PolyU's School of Hotel and Tourism Management is a world-leading provider of hospitality and tourism education. It was ranked No. 2 internationally among hotel and tourism schools based on research and scholarship, according to a study published in the Journal of Hospitality and Tourism Research in November 2009. With 65 academic staff drawing from 19 countries and regions, the School offers programmes at levels ranging from Higher Diploma to Ph.D. Currently a member of the UNWTO Knowledge Network, the School was recently bestowed the McCool Breakthrough Award by the International Council on Hotel, Restaurant, and Institutional Education (I-CHRIE) recognizing its breakthrough in the form of its teaching and research hotel – Hotel ICON – the heart of the School's innovative approach to hospitality and tourism education.

Elevator Europe

Graduate General Manager Fast-Track Program

Start Program	September (yearly)
Duration	18 months
Purpose	General Manager within 5-8 years after having completed the program.
Application Process	The intake for 2015 has been closed, however we will start recruiting for 2016 in November 2015.

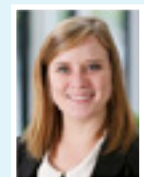

Program Description:

The Hilton Worldwide ELEVATOR Graduate Program is widely regarded as one of the best hotel training courses in the industry. This structured training program is designed to fast track you to run your own hotel within 5-8 years after having completed the program. It is a rigorous and adventurous ground-up program that will rapidly elevate your skills in unique and memorable ways.

Graduates selected for the Program experience two 9-month placements within European hotels that allow for exposure to many different departments, people and cultural backgrounds. You can expect an exciting learning curve, with opportunities to network with hotel leaders during meetings, dinners and cocktail receptions. Many “ELEVATORS” build new relationships that result in valuable lifetime friendships.

Each of your placements as an Elevator will require you to take on an actual business project with bottom-line impact. You will have the chance to express your creative ideas while being supported by senior managers as you conduct feasibility studies, document your findings, and present your project to the hotel management team. Most of all, you will be recognized and rewarded for all of your hard work.

“After I graduated from my university in the States, I knew that I wanted to begin a journey abroad. I moved to London and started my career with Hilton Worldwide with a Receptionist job. My goal was to work hard and move up the ladder. However, I soon discovered the Elevator Program and my new immediate goal was to be a part of it. If accepted, not only would I be able to work in exciting properties in amazing cities across Europe, but I would also be exposed to all areas of hotels at different levels and get an invaluable experience. I also knew that Hilton was a great fit for me; their mission and their values are aligned with my own. Recently accepted into the program, there has been the upmost support from Hilton. I’m so proud to be an Elevator, or a “GM in training,” but more importantly, I am proud to be considered a part of this company.” – Katie

ELEVATORS receive support from assigned buddies and mentors, as well as from other colleagues and General Managers. While you may find yourself in an unfamiliar place, you will never feel truly alone during your time with Hilton Worldwide.

Qualification Requirements

To qualify, you will need a Bachelor’s degree, speak English plus one other European language fluently at the time of application, and already have the right to work in the EEA, Russia or Turkey. You must also be willing to move to different cities and countries as part of this Program, as well as have a strong and serious interest in becoming a General Manager. It can be a fantastic experience for anyone who is ready to work hard and enjoy the adventure.

Assessment Centre

Most important, you should demonstrate our Hilton Worldwide competencies as a candidate who is driven and commercially focused, with key people skills. We will recruit on these competencies during our assessment centre.
